Sticky Rollers

Sticky Roller provides the most efficient means of removing even the smallest particles from flat surfaces such as walls, tabletops, floors, ceilings, etc. Particulates are limited by the lifting action of the roller as it passes over the surface.

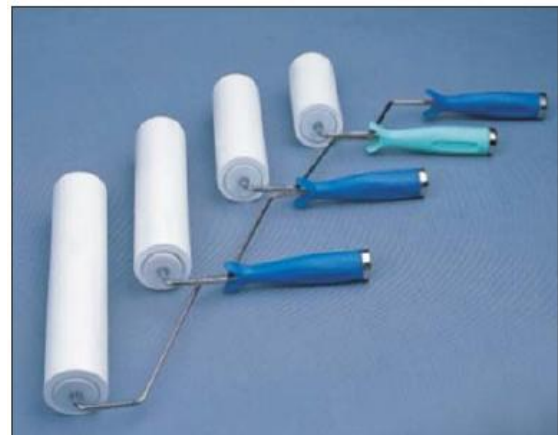

The specially designed rollers effectively capture and translate particles and contaminants from surfaces to adhesive rolls.

Sizes: 4"x18m, 6"x18m, 8"x18m, 10"x 18m, 12"x18m

Note: The handle needs to be purchased separately.
